

Great Roses for Our Area

Antique roses are always a great choice in your landscape. These roses have proved the test of time in our Central Texas climate. Many nurseries in our area carry roses from the Antique Rose Emporium in a huge variety of sizes and colors. They encompass all types of roses (listed after the name.) The Rose Emporium has two locations in Central Texas, the original is Brenham, and the newer location is in North San Antonio. They are both worth a trip in the spring or fall, just expect a crowd!

Caldwell Pink (Found) Pink
